STOCK MARKET

New York, Aug. 26.—Opening—War shares were again the dominant feature at the opening of today's market, gaining 2 to almost 5 points. Lackawanna Steel scored the new high price of 68 on a further rise of 1-2 and New York Air Brake rose 4 1-2, to 161, while Studebaker advancing 3 1-4, touched 115. Other issues to record further improvement included General Motors, General Electric, Westinghouse and Willys Overland. U. S. Steel held its leadership, with an opening sale of 8,000 shares at 75 3-4 to 76, a rise of one point with a similar gain for the preferred at 112 3-8. Among miscellaneous issues General Chemical was prominent for its ten point advance to 300. Trading in railroads was nominal.

Noon—Copper rallied war specialties later, their activity resulting largely from London advices reporting a substantial over-night rise in the metal there. Anaconda, Utah and American Smelting rose two to almost three points over yesterday's close and Tennessee Copper although advancing only 1-4, made the net high record of 55. As an offset, however, there were reactions of one to 2-1/2 points in the war stocks and Steel, while the standard and railways, notably Union Pacific, Reading and Pennsylvania were lower. Chicago & Alton preferred, an inactive issue, sold at 2 against its last quotation of 11 1-8. Bonds were irregular.

OUR NEWTOWN NEWS LETTER

(Special to The Farmer.)
Newtown, Aug. 26.—At the home of Mr. and Mrs. A. C. Dibble of Stony Hill, Wednesday afternoon, their daughter, Miss Grace Dibble, was married to Mr. Edwin Kenney Parker of New Haven, Conn. The ceremony being the officiating clergyman, Miss May Potter and Miss May Dibble attended the bride while Mr. E. Great did the honors for the groom. Reception was held after the ceremony, at which the happy pair received many heartfelt congratulations, and were the recipients of many gifts. After a short wedding trip, the newly wedded pair will take up housekeeping in a new home built for them.

Mrs. J. L. Page of Bridgeport and her daughter, Miss Julia N. Parker of Boston, came up from Bridgeport, Saturday, and spent a night at the ancient Everitt's homestead on Berkshire Plains, the childhood of both mother and daughter. They left orders with a local carpenter to repair the ravages of time on the old structure before their next annual pilgrimage.

M. L. Richards, the merchant, has ordered a light delivery car, which arrived today.

Deputy Sheriff Morris D. Beers was in Waterbury yesterday.

The tennis tournament at Dr. C. H. Peck's court on Mount Pleasant is arousing much interest among all classes in both villages. Among the devoted lovers of the sport from Sandy Hook are the Misses Mary and Helen Kilbridge, Miss May Jordan and Miss Helen Kane; also Joseph and Thomas Keane.

The ladies of St. Rose's Social Circle residing in Newtown will hold a public whist in the Town hall, Thursday evening, Sept. 2. A large number of favors for the winners have been selected by the committee, and dancing will be a feature of the evening's pleasure. Cake and other refreshments will also be served. Tickets are now on sale.

Mrs. Alfred Osborne met with a very painful, but fortunately, not serious accident this week, which necessitated a doctor's attention, and a nurse's care. In opening a can of chloride of lime early this week some of the drug flew into both eyes, but prompt attention saved serious results, although she is still suffering pain.

MILK CAUSES TYPHOID.

Hartford, Aug. 26.—There is now fifty-seven or more cases of typhoid in this city, all traceable to one source of infection, the route of a single milkman. Two additional cases were reported today. There have been two deaths. Most of the cases are of a mild type, however.

FARMER NEWSIES HAVE GREAT TIME AT BIG CARNIVAL

"We Carry the Label," Says Banner in Procession of 400 Youngsters.

"We Carry the Label, It's On the Farmer."

A red-headed youngster bore that sign north on Main street, about 6:30 o'clock last evening, heading a procession of 400 happy, laughing youngsters. They were The Farmer newsboys, going to Washburn's Mighty Midway Shows as the guests of the publishers of The Farmer.

A happier crowd of boys was never gathered together here. Long before the appointed hour for the start of the parade they swarmed around The Farmer office, clamoring for the prized red badges that would give them carte-blanc on the carnival grounds. There was no disorder—just the happy shouting of healthy kids who are equipped with ordinary lung capacity.

With James "Dick" Bradshaw in charge, the youngsters were marshaled four abreast at 6:30. The brass band from the carnival headed the procession playing one of those snappy circus tunes that are just "pie" for the trombones and cornets. Then came Marshal Bradshaw heading his merry band. A steam calliope that turned out popular airs brought up the rear of the line.

"America First; The Farmer Second," said one of the banners. Another told where the youngsters were bound, while a third told the public that the boys were carrying a paper "with the label." The procession was orderly and attracted lots of attention on Main street.

At the carnival grounds, the newsies had the time of their young lives. "A Trip to the Moon," the museum, the animal show, the monkey circus, "Norma," "Lovers Lane" and other amusement enterprises were visited. Each one brought shouts of joy and a patent that anyone of the crowd wouldn't swap places with the wealthiest man in the country.

The last show was visited before 9 o'clock, so that the boys could get home in good season. There was the slightest accident of any kind, and Circulation Manager Bradshaw of The Farmer and Manager Turner of the Washburn Shows, who arranged the program, were the recipients of many congratulations.

Stratfield Guest Caught In Act of Jumping Board Bill

John R. Lovejoy, who says he lives at Jamesville, N. Y., was held under \$50 bonds in city court to-day on a charge of jumping a board bill. Stratfield hotel on a two weeks' board bill. Lovejoy, it was charged, was arrested while trying to leave the hotel by the fire-escape route. Lovejoy says he works for a Cincinnati firm and the police are investigating. The case will be heard September 2.

NOVOGEORGIEVSK FORTS PROTECTED BY A FEW

Petrograd, Aug. 26.—The garrison of Novogeorgievsk during the last stage of its defense did not exceed a division, according to the Reich, which adds that the greater proportion of the defenders of the fortress withdrew during the bombardment, and declares that while the number of survivors is unknown it can only have been small. It is stated that the commandant of the fortress, General Bobyr, was seriously wounded before the capitulation.

The Bourse Gazette puts the garrison at "considerably less than an army corps."

DESPERATE BATTLE WAGED BETWEEN COLORED WOMEN

Norwalk, Aug. 26.—The wildest of pitched battles, during which teeth, nails, fists and legs were brought into active and effective play, at midnight Wednesday evening, was waged on a railroad train from Bridgeport to South Norwalk, between two colored women, Lillie Smith and Mary Harris, of Bridgeport, and was going at a particularly lively rate when the downtown police interfered at the South Norwalk station.

Train Stopped at Westport.

Hostilities commenced as the train pulled out of Bridgeport, according to accounts, and continued all the way down to this city. At Westport the train stopped and the baggage master telephoned to the local police. The two women got off at South Norwalk, and their fight was at its wildest when Policemen Flynn, Sammis and Reynolds separated them. Both women were badly injured by biting, and Dr. W. B. Burnell rendered medical treatment. Nearly all of her clothes were torn off Miss Harris during the melee. The women were charged with assault, breach of the peace and mayhem.

DEPARTMENT OF JUSTICE TAKES UP COMPLAINT OF C. L. U. AGAINST WILSON

Gagging of Labor Speakers at Locomobile Plant is Brought to Attention of Federal Authorities By Central Body.

That the Central Labor Union of Bridgeport is determined not to allow to pass unnoticed Mayor Wilson's flagrant defiance of the rights of free speech of the workers, became known today when its correspondence with the department of justice of the Federal Government became available.

In order to bring the matter of Mayor Wilson's interference with the workers into a channel where prompt and effective action might be reached, the legislative committee drafted a letter to President Wilson, which reviewed the arrest of the three speakers at the Locomobile Co. employees' meeting on private property.

The letter was turned over by the executive office to the Department of Justice, which has begun an investigation.

The meeting last night was highly enthusiastic. The eight-hour day movement, which has the unanimous support of the Central body, received substantial impetus. It was reported that a large membership had been gained for a new local of the sheet metal workers. The Central Labor Union took steps to aid the laundry workers in their fight against conditions which exist in plants where

FORTY-FIVE DEER SHOT BY FARMERS UNDER NEW LAW

Hartford, Aug. 26.—Forty-five deer have been shot in Connecticut since August 1, when the law allowing the killing of deer was put into effect, according to reports received at the office of State Fisheries and Game Commission in the capitol. Fears were expressed by the commission today that at this rate deer might be exterminated in Connecticut. It is believed that the slaughter will be much greater with the opening of the hunting season in October, although the law does not allow promiscuous killing.

The shooting by counties in the past 25 days has been as follows: Fairfield, 4; Hartford, 13; New Haven, 10; New London, 6; Windham, 2; Litchfield, 10; Middlesex, 2; Tolland, 1.

Admiral Winslow Now Commands Pacific Fleet

President Wilson has designated Rear Admiral Cameron McRae Winslow as the new commander in chief of the Pacific fleet, with the rank of admiral. He will relieve Admiral Thomas B. Howard, who will be assigned to duty as president of the naval examining board at Washington.

Admiral Winslow was born in the District of Columbia and appointed to the Naval academy in 1870. He has shown conspicuous ability in every duty he has been assigned and is regarded as one of the most capable and efficient officers of the navy.

He commanded a division of the Atlantic fleet for two years under Rear Admirals Osterhaus and Badger and at the time of the Mexican trouble at Veracruz was assigned to command a special cruiser squadron and dispatched to Mexican waters.

He remained on this service until September, 1914, when he was assigned to duty at the naval war college.

EL PASO GUARDED IN FEAR OF PLOT BY MEXICAN BANDS

El Paso, Tex., Aug. 26.—El Paso awoke today to find its streets bordering the Rio Grande guarded by United States soldiers as a result of the report circulated last night that an uprising of Huerta, Carranza and Orozco factionists had been planned for the early hours of the morning. Mexicans were not permitted to cross the international bridge from 11 o'clock last night until early today, and no American was allowed to cross to Juarez. Extra guards were ordered out at Fort Bliss, where General Huerta is being held. Companies of infantry were posted at the international bridge, the railroad viaduct and all strategic points.

The rumor of the alleged plot was brought to the department of justice by representatives who notified General John J. Pershing, commanding the Eighth brigade at Fort Bliss. A conference of county and city representatives of the department of justice, the Federal marshal and General Pershing followed. After the conference General Pershing announced he was prepared to meet any uprising that might start.

During the night soldiers were hurried to their camps by the provost marshal and officers rushed to their posts in automobiles. The police halted and searched Mexicans in the downtown streets. There was no excitement in the city, although an undercurrent of uneasiness was apparent. Occasional shots were fired by the policemen in halting Mexicans found in the lower quarters of the city in order to search them.

Washington, Aug. 26.—Official advice to the State Department today said General Hernandez, Villa's commander at Icamole, near Monterey, had been wounded and lost part of his leg in a recent battle with Carranza troops, that his forces had withdrawn from the town and were awaiting reinforcements from Torreón.

AWAIT ACTION BY HAITIENS ON U.S. TREATY PROPOSAL

Washington, Aug. 26.—Action by the Haitian parliament on the treaty submitted by the United States postponing the establishment for ten years of an American financial protectorate over the island republic, was awaited today by administration officials. The American charge at Port-au-Prince had set noon yesterday as a time for action on the treaty, but the Haitian parliament had limited debate in parliament and the time was extended until tonight.

Minister Menos, following a conference with Secretary Lansing, declared that his government was anxious to bring about a speedy understanding with the United States relative to the Washington government's efforts to restore peace in the island. He explained that riots and disturbances were in many cases due to ignorance of American intentions and a misunderstanding of the presence of United States troops in Haiti.

OBITUARY

JOHN E. CUNNINGHAM.
The funeral of John E. Cunningham was held this morning from the home of his sister, Mrs. Belle Behen, of 137 Clinton avenue, at 8:30 and a half hour service from St. Augustine's church where the Rev. EVENTS IN THE WAR ONE YEAR AGO TO-DAY

French retreat from Alsace, abandon Muelhausen and reinforce the army along the Meuse. The War Office announces that in the battle between Mauberge and the Donon River "depends the fate of France."

British continue retreat from Mons southward. Kitchener prepares for three years war. Namur and five of its nine forts captured by the Germans. Zeppelin appears over Antwerp, throwing bombs and killing ten persons. This is the first Zeppelin raid of the war.

Russians capture passes south of Tarnopol, eighty miles east of Lemberg. Russian forces defeated at Stalluponen, East Prussia. British warships shell Taingtao to cover landing by Japanese troops. Austria declares war on Japan.

Continued from Page 1
the circumstances in connection with the sinking of the Arabic had been cleared up would it be possible to say "whether the commander of one of our submarines went beyond his instructions," in which case Germany would give complete satisfaction to the United States.

Furthermore, in the course of the conversation, the Chancellor twice again referred to the instructions given to submarine commanders. He did not specify in detail the nature of these instructions, but it may be said that they are designed to prevent a repetition of the Lusitania case and to provide that opportunity for escape for American non-combatants upon torpedoed ships which the United States desires.

Having given these instructions, Germany asked suspension of judgment on the Arabic case until the facts were ascertained, being confident it would be shown that the sinking of the vessel was not an unprovoked attack without warning by a German submarine, but was attributable either to a mine explosion or some action of the vessel itself.

Should it develop, however, that a submarine acted contrary to instructions, ample reparation will be offered.

Germany is still unable to understand why Americans in these troubled times travel on belligerent ships instead of taking American or other neutral steamers, but since they, in some instances, insist upon taking passage on vessels belonging to belligerents Germany will do its utmost to provide for their safety.

It is not permissible to quote remarks made by the Chancellor in the course of the conversation, other than the formal statement which he made. It may be said, however, that Dr. von Bethmann-Holweg showed genuine interest in the state of feeling in the United States concerning the sinking of the Arabic, and expressed the hope that the American people would not form an opinion on the basis of conflicting statements giving only one side of the story. He spoke with emphasis of Germany's desire to maintain the friendship of America.

The Chancellor appeared to be in good health and spirits, and greatly encouraged by the successes achieved by the Germans in the eastern campaign. The interview necessarily was of short duration, as the Chancellor was hurrying away for a conference with Emperor William at his field headquarters.

ARABIC CARRIED NO GOLD

Liverpool, Aug. 26.—The assertion in press despatches from Germany that the steamer Arabic carried gold on her last voyage called forth today a reiterated denial from the White Star company. It is stated that the Arabic had on board no specie whatever.
